BUT DID SAY THAT HE DOUBTED THAT ANY OF THE ABOVE MENTIONED GROUPS WOULD EVEN THINK ABOUT SUCH PLANS. HE STATED THE PLANS WERE NOT LOGICAL AND THEY DID NOT COINCIDE WITH NAZI PARTY PHILOSOPHY. HE STATED, FIRST OF ALL, IT WOULD DO NO GOOD TO ELIMINATE KISSINGER BECAUSE HE HAS ALREADY DONE HIS b6 - 2, 4, 8ADVISED HE DAMAGE AND HE IS NOW OUT OF GOVERNMENT. b7C -2,4,8 BUT FELT THAT THEY HAS NEVER HEARD OF l or l MIGHT BE JEWS. HE SAID THAT VERY IMPORTANT PERSON AS IS HE STATED THAT IS. TO HIS KNOWLEDGE A FINANCIER IN NEW YORK. POSSIBLY A BANKER AND SAID THAT HE HAD THOUGHT THAT b6 - 2, 4, 8HAD DIED OF NATURAL CAUSES. POSSIBLY BE LOGICAL TARGETS, HOWEVER, HE FEELS THAT NONE OF THE PEOPLE IN ANY OF THE ABOVE GROUPS HAVE THE FACILITIES, MANPOWER OR FUNDS OR ARE WELL ORGANIZED ENOUGH TO EVEN THINK ABOUT SUCH A PLOT. HE FURTHER STATED THAT HE DOUBTS VERY MUCH IF ANY OF THEM WOULD EVEN ENTERTAIN SUCH THOUGHTS, BECAUSE IT WOULD BRING MUCH PUBLICITY AND HEAT UPON THE ORGANIZATION AND PROBABLY DESTROY THE ORGANIZATION BY THE ARREST AND PROSECUTION OF THE INDIVIDUALS RESPONSIBLE.

FURTHER STATED THAT AS FAR AS BOMBING THE SOVIET
EMBASSY, THIS IS CONTRARY TO THE NEW PHILOSOPHY WHICH IS THAT THE
SOVIETS COULD EVENTUALLY BECOME ALLIES WITH THE NAZIS. HE
STATED THAT HE FEELS THAT THEY MAY END UP HELPING THEM ELIMINATE
JEWS. HE ALSO STATED THAT THE AFRICAN BLACKS ARE NOT THEIR
ENEMIES AND THAT THEY FEEL THEY ARE ALLIES AND ARE AGAINST
THE JEWS AND THE ISRAELIES. HE STATED THAT SOME OF THE
NAZI PARTY MEMBERS HAVE SPOKEN BEFORE GROUPS OF BLACK MUSLIMS
AND HAVE RECEIVED STANDING OVATIONS. HE ADVISED THAT THE
ABOVE NAZI ORGANIZATIONS ARE NOT AGAINST BLACK PEOPLE AS SUCH,
ONLY AGAINST A MIXTURE OF BLACKS AND WHITES AS FOUND IN THIS
COUNTRY.

HE FURTHER STATED TO HE DOUBTS VERY MUCH IF ANY OF THEM WOULD EVEN ENTERTAIN SUCH THOUGHTS, BECAUSE IT WOULD BRING MUCH PUBLICITY AND HEAT UPON THE ORGANIZATION AND PROBABLY DESTROY THE ORGANIZATION BY THE ARREST AND PROSECUTION OF THE INDIVIDUALS RESPONSIBLE.

FURTHER STATED THAT AS FAR AS BOMBING THE SOVIET

SOVIETS COULD EVENTUALLY BECOME ALLIES WITH THE NAZIS. HE

STATED HE FEELS THAT THEY MAY END UP HELPING THEM ELIMINATE

Memorandum to Mr.

Re: Unsubs; Members of the National Socialist Congress, aka

As he left the headquarters.
Later, the source spoke with officials of the Chicago byc - chapter, two of whom indicated there were plans to engage in byb - unspecified violence on the 4th of July.
They also indicated they were responsible for three bombings in the Chicago area on 4/20/77, directed at the homes of black families. They further spoke of demolition and firearms training furnished to their members in California and North Carolina.

The U. S. Attorney's Office, Cleveland, was provided the pertinent facts in this matter and he advised that FBI investigation was warranted in this matter under the PFO statute. The individuals and foreign embassys mentioned above, have been informed of the alleged threats.

Investigation conducted to date has failed to indicate that there is any substance to the alleged plot. In fact information furnished by various sources, knowledgeable of the group's activities indicates there is little likelihood of such a plot b6 -2 being credible. Currently, all those individuals mentioned by b7C -2 the as being involved in the plot are being interviewed. You will be kept informed of pertinent developments in this matter.

Nazi addict used poison gas to kill Jewish businessman

CHICAGO — (UPI) — A Nazi aid Hu Klux Kian sympathizer who killed one Jewish man and apparently had created a seath list for thers also built a hidden chamber in his basement "like something out if Frankenstein," police said yester-tay.

Authorities were fittempting to earn whether Raymond Schultz, 37, who killed himself with cyanide after his capture May 22, was acting alone.

Schultz was found unconscious near the body of Sydney Cohen, a suburban businessman. It originally was believed Cohen had died of a heart attack while struggling with Schultz, but tests showed he was poisoned by cyanide rumes.

Investigators examining Schult's Calumet City home discovered the list, which was variously reported as containing from two to several names. Next to Cohen's name was the notation, "Get this guy first."

Another note said that, "With the help of God and A.H., I will make it to July 1." Investigators said the initials "A.H." apparently stand for Adolf Hitler.

Richard Quagiano, deputy chief of the Cook County Sheriff's Police Department, said investigators found the secret chamber at the end of the furnace room in Schultz's basement, behind a wall lined with bookcases.

"The center case had piano hinges and it was on rollers. It opened up just like something out of Frankerstein," he said. Quagliano said investigators were studying several notebooks and diaries kept by Schultz, along with books on child pornography, child hygiene and several newspaper chippings about child slayings.

Several of the clippings referred to a number of child slayings in the Detroit area, leading to contacts between Oakland County, Mich., officials and the Cook County investigators.

Among the other items found in the home were an arsenal of poisons, parts for explosive devices and literature from the American Nationarty and the Ku Klux Klan, authorities said.

FBI Probes Nazi Hit List For Murder

Copyright, The Journal, 1977
CHICAGO — An investigation has been ordered to determine if Raymond Lee Schultz, a Nazi sympathizer who poisoned a Jewish businessman with cyanide fumes, was part of a conspiracy to murder Jews.

Schultz, 37, of 948 Green Bay Ave., Calumet City, himself died of cyanide poison after being taken into custody by police.

In Schultz's home, police found two names and next to the name of the victim, Sydney Cohen, 63, was the notation: "Get this guy first."

The other name was "Levine or Levin," police said.

THE FBI already had a full investigation underway to determine whether some fringe elements of the Nazi party had another "hit" list to assassinate as many as a dozen prominent Jews and blacks, among them former Secretary of State Henry Application

The Journal has learned that FBI agents in Chicago, Cleveland and other cities had the names of six suspected targets, and have already alerted the potential victims and notified local authorities.

Besides Kissinger, the "hit list" includes:

f Arthur Roubloff, Chicago real estaje Unancior Robert Sarnoff, formerly of RCA.

Jack Greenberg, New York, attorney for the NAACP.

Paul Warburg, banker.

Other names in the "hit list" were not known to authorities.

The FBI was also checking as to whether the elaborate plot, to happen on or around July 4th, would include that to bomb the Washington empassies of the Soviel Union, Israel, and some Black African nations, as well as a number of religious and business buildings swence by Jewn.

In the Schultz case, police found a note in the Nazi sympathizer's home that read: "With the help of God and A.H., I might make it to July 1." Police speculated the initials, "A'H." may have stood for Adolf Hitler.

Cohen, owner of the Sibley Lumber Go., in Harvey, Ill., was found dead as his home in the Chicago suburt of Plossmoot, Ill on May 22 STATE'S ATTORNEY Beenard Carry on Thursday assigned his special prosecutions unit to work with Elessmoor police on the Schultz case and Carry indicated one of the destions he most wants answered is whether Schultz was "on a mission" when he entered Cohen's home.

(The FBI had been independently investigating the other "hit list" at the time Illinois authorities developed the Schultz case.)

In the Schultz house, police found a large arsenal of deadly poison, including several gallons of hydrogen cyanide; parts for explosives; a cattle prod; Nazi and Ku Klux Klan hate literature and child pornographic books. When arrested, police found Schultz to be carrying a bottle of cyanide solution, a metal mallet, a .25-caliber pistol, a 10-inch blade hunting knife, an ice pick and ropes.

Police were unsure whether Schultz had committed suicide after killing Chen, or may have been overcome by the deadly fumes while trying to hide the vial. Schultz, a machine operator, was arrested in 1962 in connection with American Nazi Party picketing of a Soviet movie in Chicago.

Chicago Authorities Probe "Hit" List, Nazi Conspiracy

Journal Staff Report

fCHICAGO AUTHORITIES are pouring through documents found in the "bomb factory" home of a Mazi sympathizer who poisoned himself after killing a Jewish target on his "hit" list, trying to determine if he was part of a conspiracy to murder American Jews.

The list, found at the home of Raymon Lee Schultz in 'Calumet City, Ill., contained two names: Sydney Cohen, a Jewish businessman who was poisoned with cyanide fumes in his suburban Chicago home by Schultz on May 22, and an illegible name such as "Levin or Levine," sources said. Next to the victim's name was the notation, "Get this guy first."

Meanwhile The Journal disclosed yesterday that the Federal Bureau of Investigation had been investigating another "hit" list that was part of an alleged plot by fringe elements of the American Nazi movement to assassinate as many as a dozen prominent Jews and blacks, among them former Secretary of State Henry Kissinger. No connection between the two lists has been established.

William Prendergast, the assistant state's atterney of Cook County who is the probe of the Schultz case, declined to say if any evidence directly linking Schultz to a conspiracy was uncovered but said there were leads pointing in that direction.

Prendergast said he was unaware of the FBI probe of the other "hit" list and therefore did not know if there was a connection with his case.

The FBI is probing an elaborate plot that allegedly includes plans to bomb the Washington embassics of the Soviet Union, Israel and some Black African nations as well as a number of religious and business buildings owned by Jews.

The Journal has leafned who six of the purported targets are: Kissinger; Arthur Reubloff and Pailip Klutznick, both Chicago real estate financiers; Robert Sarnoff, former head of the Radio Corporation of America (RCA); Jack Greenberg, a New York attorney who works for the NAACP, and Paul War burg, a prominent Chicago bankes.

PRENDERGAST said that investigators were combing through five or six boxes found in Schultz's home, which police described as a virtual "bomb factory."

Schultz had been arrested on May 22 by police called to Cohen's home by Cohen's non, who had found his father dead and Schultz lying unconscious beside him.

Police then theorized that Cohen came upon Schult burglarizing his home, knocked him unconscious and then died from a heart attack.

The semi-conscious Schultz was put in a squad car while police searched for possible accomplices. Meanwhile he apparently took the bottle of cyanide he used to kill Cohen out of his pocket and killed himself.

When the autopsy revealed that both men died of cyanide poisoning, police discarded the burglary theory and searched Schultz's house. There they discovered the list, which was first described by police as extensive. The Journal later learned that the list contained only two names.

POLICE FOUND several other bizarre items in Schultz's home, including several gallons of cylinide, bomb components and other explosives and child-related pornographic books. Investigators are searching through five boxes of additional papers and documents found Friday.

A note found in his home said, "With the help of God and A.H., I might make it to July 1." Police speculate that the initials are those of Adolf Hitler, the leader of Nazi Germany.

Why We Are Writing About Nazis in America Today

TODAY, ON THE front page, The Journal is publishing the first in a series of articles about Nazis in America.

The question arises, naturally, why? And why, especially, this newspaper?

The answer, pure and simple, is that this is something that is happening in America today, that we discovered it on the West Side of Cleveland and we regard it as information the public and the authorities ought to know, and want to know.

We anticipate that there are those who will say, "Why are you giving them so much publicity? You are playing into their hands and making them bigshots." Others will say "Everyone knows about the Nazis, so what's new?"

That's the purpose of this column, to answer those questions.

Before Adolf Hitler came to power in Germany, no one took him seriously. His rallies and street marches and beer hall brawis were dismissed as isolated rowdyism. He preached hate. He organized brownshirts and stormtroopers and terrorized whole neighborhoods, and especially Jews and others.

WHEN HE CAME to power, Hitler opened concentration camps and slaughtered millions of Jews, Poles, Russians, Gypsies. His doctors conducted medical and sexual experiments on women. His guards at Buchenwald and Dachau and other "death camps" separated children from their mothers' arms, and gassed them.

Do people know this? Do the people know how the stormtroopers terrified people, how Nazi judges pervetted the law into Hitler's "final solution," how Nazi panzer divisions overran and blitzkreiged Holland, Denmark and France?

Not too long ago in Milwaukee, two members of Milwaukee's lunatic fringe of the Nazi Party were brought to trial for ambushing a local Jewish leader. Judge Patrick J. Madden and lawyers for both sides were determised to find a jury that would not be prejudiced against Nazis. They need no have worrted.

The jury's ignorance of Nazi atrocities made jury selection easy. Of 23 people asked if they were aware of the bitterness between Nazis and Jews, none referred to World War II or any of its horrors. One juror figured that "Nazi means Communist." One woman said: "I've heard of Nazis, but I don't listen to the news that much."

Incredible. The judge himself was dismayed that so many Americans dould forget, or never know of, such a recent and outrageous chapter in history.

THE THREAT TO America is that oven a small number of determined men patterning themselves after Hitler and preaching the Nazi gospel of hate can create an atmosphere of terror. In Germany, Hitler was ridiculed as a kook and a nut until, as didtator, he virtually ruled all of Europe.

În America we have a glorious

tradition of free speech, the right assemble peacefully, a free ss, freedom of wership, and even he right to dissent from official government views. It is important to insure that these constitutional rights be guaranteed everyone, including self-styled Nazis.

But nowhere is it written that we not carefully be on the lookout for any attempt to Nazify and terrorize America.

If the Nazis ever came to power, would they grant such freedom to others? The correct asnwer; of course, is that we must tolerate free speech, even the Nazis and other extremists, otherwise the values they represent have already come to power.

This does not mean that we have to allow them to bully us, terrorize us, with things us into submission.

If, as the saying goes, we forget history, we are doomed to relive it. The fight for freedom is never won. It is a constant battle. And we have an obligation to ourselves, and our children, to be alert to the danger of these who spread half - truths, outlight lies and messages of hate and intolerance to divide us.

THE STORY ON THE Nazis in America was a difficult one for this paper to pursue, and endangered several of our staffers, especially photographer Ross Baughman, who infiltrated the Nazi movement. He was, in his own words, "frightened and intimidated."

This brings up the question: Why doesn't the FBI have informants inside the Nazi Party? Well, a year ago, then U.S. Attorney General Edward Levi pulled the FBI out of many such organizations because of the uppear over police infiltrating lawful organizations. And the Nazi movement, like it or not, is lawful—just so long as it talks and doesn't indulge in violence.

Should the FBI spy on such organizations — right - wing and left - wing? My answer is yes when they have a history of violence and when they preach the same hate and poison as Adolf Hitler did.

The problem in Nazi Germany came when Hitler lied outrageously, and the people knew he was lying, and they preferred to believe his lies rather than face the consequences of truth. Even Hitler came to believe his

own les and his fant? Sof power.

The moral to be learned from the life and death of Hitler, in the opinion of William Shirer, author and historian, is simply this: No man can be trusted with power. To be endurable, power must be shared to the widest possible extent.

America is a nation of laws, not of men. We make mistakes, We are bamboozled by glib politicians and quick buck artists.

BUT OURS IS a system of checks and balances. We expose our own faults and combat them. We are a nation of immigrants and we have a tradition of fair play and decency and individual liberty.

I don't think we are ready to give up this precious, though fragile, democracy that is America, for all the bunk put out by the hate mongers.

The kind of America we ought to be, and will be, does not rest with the extremists, or even the politicians. It's up to you, and me, and everyone else who believes in equality of opportunity and individual liberty as apposed to the restrictions and appressions of the Old World.

"Inflirated the Nazis"

A staff photographer for The Journal, J. Hoos Haughman, infiltrated the Nazi movement for eight months beginning last Ortober.

He wore a swastika armband and the brownshirt aniform of the American Nazi. He also wate a .18 caliber revolver while on duty at the headquarters and posistore of the Cleveland Nazi chapter on Clark Ave.

As some of the delegates from the United States. Canada and Germany drove from igophica international Airport, a filmnew from the National Socialist Huty of America (NSPA) made b decimentary that included every "Willie Power" and swastika sign they peased.

The first test for the national congress was to expand existing racism into organized white saidarity. But the tenem was this playmed by the kind of infighting that had crippled the Nazi movement for the last 18 years.

A FEUD and professional rivalry between a Cincinsont propagandis and a Virginia pamphieteer had succeeded in confusing and emborrassing Nazis everywhere.

Settling this fend was a principal order of business at the Cleveland meeting. It was a sticky problem for Frank Collin of Chicago and the new executive council.

Colin convinced one of the feuding Natis to resign and then, to the rest of the congress, he denounced the reas for battling with a fellow while man.

The sudden amparation seemed to satisfy the Nazts heating what could have been a fatal split within the young altiance.

Collin was confirmed by the executive council to the rank of gational coordinator of the congress, permitting him to dominate and shape all of the policy that followed.

AS A GESTURE of diplomacy, Colin preferred that other members of the council propose his suggesting young other actions, all ties in other hight-wing groups were officially givered. All notional and state purply policies were brought under Colling control, and a military style chain of command was histoprinted with the executive council in charge.

"Spheres of influence" were divided among the original party expensioning to incorporate may new chapters into the congress.

A security staff was assigned to one communications curwink to another.

Grassdwork was laid in a casual manner for a Nazi yanth clympics this summer, as well at for constants training camps based in Hancrama City, Calif., with the Malional Socialist Liberation Front (NSLF) and in Habigh, N.C.

A significacy asked for an official party statement on Fred Cowan, a self-styled Nazi who shot five men to death and wounded four others in a New York warehouse shootout two weeks earlier.

DISOWNING COWAN was necessary to keep National Socialism boking like a new violent, law-abiding publical party. One leader fielded the question, at first blasting Cowan at Xook and a nut ... certainly not a bons fide member of our group."

Sut us his emotional pitch heightened, he called Cowan "A volice but misgoided white man ... a simple working-class man turned warrier ... forced to do what he did by Jon slavedrivers ..."

"The only mistake Cowan made was takin' niggers instead of Jewa," be said. "Even if he had shot op more of the black basiards, no white mane life is worth trading for 19 or 20 passes. When I decide that I've had enough, I'm gonna take really big Jewa down with me."

At the end of the meeting, a special ceremony was conducted during which a small urn of ashes was ignited, and the members gathered around to sing the Horst Wessel Song. The tyrics extolled Aryan courage and the scourging of race traitors. I photographed the whole event in a series that would be used on the cover of the next I/WPP newsletter. QN THE EVE of the first anniversaly of Adolf Hitler's birth — April 20, 1970 — Federal agests and local poster raised the Chicago headquarters of the Nazis, suspecting they were on the verge of pulling off a "major nefarious act."

The cache of weapons select spread for 50 feet and included automatic weapons, shotguns, rifles, pintols, black powder and 12,000 rounds of sentundition. A detailed target map, of Upion Station is Chicago was looped inside a book entitled. "Exposives and Demolitions."

A veterin of the original American Nazi Party in the 1960's, Collin was elected national coordinater of the newly formed National Socialist Congress at a summit held in Cipeland Feb. 25-27, 1877. There, he united 19 Nazi chapters from the Costed States, Canada and Western Except and has since recruited working class prople from seven of

I spoke to Collin in his private designing Rockwell Half headquarters after persuading my commander in Clevelant into giving me a letter of introduction.

String in an arrichair beneatif a inge framed partrait of Adolf Hittige, Colin drank from a giase of ice water and spoke treely to me as a follow Nazi for three hours. He offered his version of the party's American movement and alluded to activity plans for the coming menths and years.

"WHAT ABOUT you, Frank?" I ambed. "Would you like to stay in a landership rale?"

It would have to be in the White Highes some day, and call all the militar's most intented minds around the rase gurden, outside my effect, and get out the checkbook and say. They, who's get ideas to set this country hack or courte?"

I asked Collin if many potential supparters of the party are scated off by the Nazis' reputation for violence.

"... We're not troublemakers," be said. "The Jews and the niggors age the troublemakers, and the American pathic is beginning to see that."

"COLLIN PREDICTED a may asstraing race wat" in the pear fiders because "the average white man in this country is beginning to mand that in the darkest part of their legits now.

NETURNS ON election day were inity disputed, but by Nov. 23 the efficial results gave the "White Power Party" only 1,100 votes.

Collin told me that the politicians in power "robbed" votes that would have given him II percent of the tolal, and be suid the government has replicably lought his efforts to in-lithuce the public "on every level."

He cited the first time, in the summer of 1999, when he was arrested for standing up on a park bench in uniform to address a small crowd. While he fought for and eventually won his right to opeas through appeals courts, arrests continued for distributing literature, soliciting money and appearing in anything that exild be considued as a march.

The very day we talked, the Nazia had tried to march against Sackie, a nagiby Jawish suburb, but they find bred stopped at the city limits by a cough order, three Chicago police curs and a belieopter. The attorney asingm willin from the American Civil L. Union, David Goldberger (who Callin calls a "good little dow"), thinks the case will be won in the Nazis lavor.

FOR MY SAKE and that of cities visitors, he made a point of showing a series of NSPA films he had put together himself—— complete with titles, martial goads—stepping massic and a smooth but storted mesologies.

When a barrage of emotional, instalenting words binited out of the end of the film, I realized that the soundirack had been recorded over an old speech of Collin.

Sounding strained and exhausted, Collin had been trying to armaic an andtence with party rhotoric. A switch from anything I had beard from him, it sounded like a paymonate linglish translation of Adolf Birket. Collin barked for it to be typiced off.

DECIDED that somehow it would have to bear the rest.

When Collin went to beg I had my chance. I found the tape will to the machine, and tistened to it with the column turned low.

The tention was so great their like to meated to coream. The meeting was like a family remion, but it wasn't part of the family.

One woman asked me for the spelling of floor name when we first your in. She also wanted to know the trible of the highest and year of highly healtsted because I wasn't really more. Thank God all the numbers perpendingly had any head.

A couple of hours later the same summan suddenly usked me if Rogs shd I were married. I needed my had "yea." then thought how odd it was for her to ask me what significantly "knew." Paranoia storted setting in.

The woman size too one of the Nazi timescripts at the meeting that she was going to "work" on me to get our to so things for the cause.

Later, two attractive and wellgrowned women came in with their instrumes or hughands. They, along with another woman and the woman who questioned has were the only other women at the meeting.

THERE WAS a carry - in dinner and comeone said this was the first time in sine years, since the death of Nazi leader George Lincoln Rockwell, that the National Socialist Party of American (NEPA) was really coming together in one strong body.

I sat and broke brend with NSPA jonder Frank Cultin, who was fater chosen as national coordinator of the National Ascintist Congress.

Never once did Collin acknowledge my existence. He never addressed a question to me, and seemingly upward any comments I made. He talks AT people, not with them. I think he would continue his oration if he were looked in a closet.

Some of the men at the meeting space gunz. There was talk of private acts of violence.

Collin and the group of underling that surrounded him beemed almost pritated by "old guard" ideas into party operations except where violence was an insue. One man in his mid-twenties seemed to been an eye on fust and me. He came up to us once after a propagandal film had been shown and told us mit brotherly lone, "... don't let the talk of violence bother you. We're different. We're for the purity of the white ruce, the brotherhood of white people..."

Apparently he had noticed our

THERE WERE ALSO three "Hitler Youths" at the meeting. They really chilled me. They were green shirts, black trausers and boots. They were trim, lean and solid. Before the propaganda film was shown, one sat down in the chair next to not. They wouldn't let Ross take their pictures.

Leaders said they planned training comps on the cast and west coasts, and they spoke of a "pyramid structure" — having bettle leaders accountable in a board of directors.

In the area of recruitment, they gave specific details of seeking out parsons in the professions in the professions in the professions in the profession in the movement.

They said they would have a tailor standardize uniforms so that all groups across the country would have one identifying appearance.

They said they would secure a lawyer who would irom congress members in courtroom procedures—how to act, what to say, etc. It was also mentioned that a handbook of how to fight legal battles was in the process of being assembled.

Delegates said they were out to clean up the party of "independents," "may sold they would eliminate "ince than" aperations, defined as sympathizers in communities who atvertise in newspapers listing post office has numbers to spread information on their own.

They keep stressing unity. Along with unity, they stressed the concept that members should do anything the party asks of them.

They planned social events its concide with the birthdays of failed leaders. They stressed a need to ihink Rockwell, not flitler: "... this is America... Rockwell is our American leader."

Collin himself is unlike Hitler in that Hitler was an originally creative person. Callin comes across as a cupy. His success will depend on how many other copies listen to and agree with him.

Collin continued with little mesting from me, describing how printed grapagenda converted him into an "aptitudizad Nazi" as well

He said he was a first year journation student in 1963, attending Southern Binois University at Carbondale, when a dorm mate introduced him to the writing of George Luccoln Bookwell, founder of the American Nazi Porty (ANP)

Although he was seriously considering monitorship, Collin hesitated for over two years. He believed that, "From 1988 to 1988, 99 percent of the ANP officer corps was soun."

Nazis in the Streets

NAZIS MARCHING in the streets of smerics with swestikes, Hitler solutes, and Size slogges and songs?

Ves, the United States Supreme Court yesterday ruled by a vote of 5 to 4 that self styled Nazis of the National Socialist Party are allowed to demonstrate publicly in Skokie, lillads, a Chicago suburb with a large Jewish population.

And the Supreme Court was quite correct, though it is surprising that four justices dissented.

The Journal has just completed a series exposing the inner workings of the Nazi movement in America, thanks to J. Hoss Baughman, a staff photographer who inditrated the inner councils of the National Socialist Party of America. The series was written to alert the authorities and the public to something that is happening in America today and because we felt it is information the public and the authorities want to know and ought to know.

It is no secret that the self - styled American Nazis are muschief makers, peddlers of hate and are trying to divide America.

PRIT IF AMERICA'S guarantee of liberty has any real meaning, we must allow it to even the most obnoxious, including enemies of our way of life. Otherwise, who is to say to whom freedom belongs?

The truth is that if the Nazis ever came for power they would not grant such rights to others. Which is why we must tolerate free speech, even to the Nazis and other extremists, otherwise the values they represent have already come to power.

This does not mean that we have to allow them to hally us, terrorize us, or victimize do and submission.

What Frank Callin's self styled basis want to, do to thinkle to to individue the Arwich resolution, cause a constitut and gain want costs resolution

Under the eventualistics, what should be det What can we do?

Law enforcement officials ought to watch very carefully these people who preach the same half - truths, outright hes and cressages of hate and intolerance to divide us. The Nazi party has a history of violent acts, in Germany, and in the United States, and our law enforcement officials aboutd be on guard against any similar factics.

AS FIRE THE REST of us, ordinary citizens, we ought to ignore them, and especially don't interfere with their marches, rallies or speeches. What the Nazis want is to provoke fights and place themselves in the position of being the victims.

The trigh is that make of the real victims of the Nazi cause are some members who join out of frustration, ignorance and fear. That's how the Nazis came to power in Germany. That's how they are playing it in America.

America's Top Nazi Taks to The Journal

By RICH OSBORNE and TOM FERRIS Journal Staff Writers

FRANK COLLIN. America's top Nazi, yesterday said that he has discussed plans to assassinate prominent Jews in the United States but that those plans have since been dropped.

Collin, leader of a newly formed alliance of Nazi chapters in the United States, Canada and West Germany, said he was unaware of an alleged murder "hit list" currently under investigation by the FBI, but he said he would have no qualms if sigh a plan was carried out.

The 35 - year - old Chicago - based Nazi shid, "Whatever works, whatever gets national socialism in power: that's our morality. Whatever works for as is good. The/end completely justifies the means."

In a wide-ranging telephone interview, Collin at one point said, "We never plan acts of violence." Later, however, he said he has discussed plans to kill American citizens.

While Collin said he now concentrates on fighting for Bazis' rights brough political and legal channels, be said that there are undergrand perations in the Nazi movement with extremely violent tendencies."

The Journal contacted Collin yesterday at his Chicago headquarters for comment on a five - part series on the Nazis last week by Journal Staff Photographer J Rose Baughman.

Sunghman infiltrated the American Space movement had October and apost the next seven months appling on its acdivities, the drew a picture of formerly optimized groups gaining strongly chrough an alliance called the National Socialist Congress, which Collin brads. F Boughmen detailed the incation of Sigh apters of the congress and detailed the congress and detailed the total uniformed strength B 1,380 members, Andong those charters were commande training camps in California and North Carolina.

The series included photographs and an interview of Collin. Baughman talked with Collin in his Chicago headquarters after being introduced to him as a fellow Nazi in Cleveland.

(38.1.1% SAII) that he was aware of the series and had seen some of the diotographs published in a Chicago dewspaper but that he had not seen the driving.

Collin carroborated that there are rated 28" chapters across the country and that a commands training camp is in California, but downplayed the "infitration."

The only thing I kind of resent to the attempts by the news media to kiways make us associated and dodergramd. We don't have to oscall dround or hide or be afraid of our ideas. There is nothing secretive about it. What is there to infiltrate?" flosities linughman's eering, which gos eldely published nationally, the Juris have recently engineed the hooflight in two other stortes.

The Supremer Court ruled Wedmester that Collin's Change chapter, the National Socialist Party of America, must be allowed to fully in Skokle, a suburb with a large Jewish population, unless the constitutionality of an ordinance probletting the "white supremacy" demonstration was tested in court. The ruling was a victory for the Nazis.

In the other story, The Journal revealed two weeks ago that the FBI has been investigating an alleged plot by fringe elements of the American Nazi movement to assassinate as many as a dozen prominent American Jews and blacks, among them former Secretary of State Henry Kissinger.

THE FLABORATE scheme, which was allegedly planned for the Fourth of July, it said to include plans to bomb the Washington embassies of the Soviet Union, Israel and some Black African nations, as well as a number of buildings owned by Jews.

The Journal learned that six of the purported targets were. Kissinger, Arthur Reubioli and Phillip Kintznick, Chicago real estate financiers; Robert Sarcolf, formet head of the Radio Corporation of America (RCA); Jack Greenberg, a New York attorney for the NAACP, and Paul Warburg, a provincent Chicago benker.

Thomas Carbett of the Cleveland FBI office said yesterday that the investigation is continuing and that 10 other FBI offices are involved.

Corbett saud Chicago agents tried to question Collin June 7 about the giegos plot but Collin refused by cooperate. Corbett paid others also doubt not answer questions.

When told yesterday that the FBI prote dealt with a bit list, Collin said:

That is totally new to me. That is rather out of contact with what our organization does. You gentlemen occur to be kind of concerned with the secret, military, underground operation—and they do exist in the Notional Socialist movement, there's no doubt about d, and there are represently violent modernies towards that—but over and shove all, the main thrust of the National Socialist harty of America is in reach the masses of our people.

Colin said, "Right new it soits our furposes to be legal and abide by building." but added he was not opposed if for the of sinishes to attain his goals.

LEVELAND — The people who righ the little store-front Natibeadquarters at 4319 Clark Ave.. Cleveland, aren't exactly hiding their light under a bushel.

Three flags, including one bearing a cross, another the American stars sad stripes and the third a Nazi swastika, adorn the top part of the building's front.

It's on eye-catcher if you are a visitor to Cleveland going along just off the normal route to downtown. And if you're not rushed, you might stop for a closer look.

Across the street, a Cieveland city fireman sits in the fire station and gives a visitor a boded expression. Fit dun't know much about them," his asys. What do they do over these? "They have meetings sometimes."

How do you feel about them? "They can hang the hammer and sickle up there if they want. They pay their taxes... If the government can't stop them, there's nothing I can do about it."

... THE PLACE ...

The outside of the place is dirty. Posters in the windows look old. The gas man had been there recently and left his door hanger. The hours were posted on the door, 7-10 on Fridays and noon-fion Saturdays.

THE INON OPENS easily and a visitor is a little startled to find a young man standing just inside, on the right, making notes on a pad. He is about 18 years old and wears a uniform with a Nazi symbol on the sheeve. His bair is long, over his cars, and his name is Peter. Later, he apploprizes for the hair length. "Twe got to get a haircut." Langhairs are my in style for the people here, he depisions.

There is a second person in the foom, standing behind a glass counter, who is later identified at case, "commander" of the local group that calls itself the "United White People's Party."

The room is about 20 by 20-foot, erhaps a little larger, and completely open in the center. All pur walls are crowded with items. Peter, who seems to be taking inventory of a rack of books to the right of the front door, greets a visitor casually, then continues to work. You are left free to wander about at will, without anyone seeming to pay any attention. There are no other "customers" at the time.

Along the back of the room, opposite the front door, there is a glass-encased counter with a display of metal items, symbols of the Nazis. Next to it there are a dozen or so tabloid-sized newspapers. The top one, "The Thunderbolt," promotes itself as offering "The White Man's Viewpoint," and "News Suppressed by The Daily Press." It costs a quarter,

Behind the counter, there is hallway leading to a back room. To the left, there is an enclosed office-like area with a jelephone. To the right, there are some clothes racks with white T-shipts with various emblems. There are frames and paraphanalia for silk-screen printing, used to piace the words and pictures an the shirts. Stacks of boxes apparently contain various sizes of shirts with various emblems. Some are the sort you can buy at a county fair, calling favorable attention to obe nationality or snother. There also is a box with ethnic bumper stickers.

Aliantic THE Wall, at right, you tight a building based with the heading. The Phomy Speaks," It contains a dilection of various hate measured fronted in the Nade and the United to a large poster-type picture of Adolph Hitler. It's a sample of some that are for sale. Another building board contains dozens of snapshois, personably photos of members of the local Nasi group. Still another has a few press clippings, including one from a Cleveland newspaper about recisi parest at a high school.

Reside the clippings is a news photo of the front of the Nasi storebendmariers. The caption says bate Hierature distributed in the school came from the above address.

In front of this wall are two machines that appear to be some sort of printing or duplicating muchines. They look very old the very used.

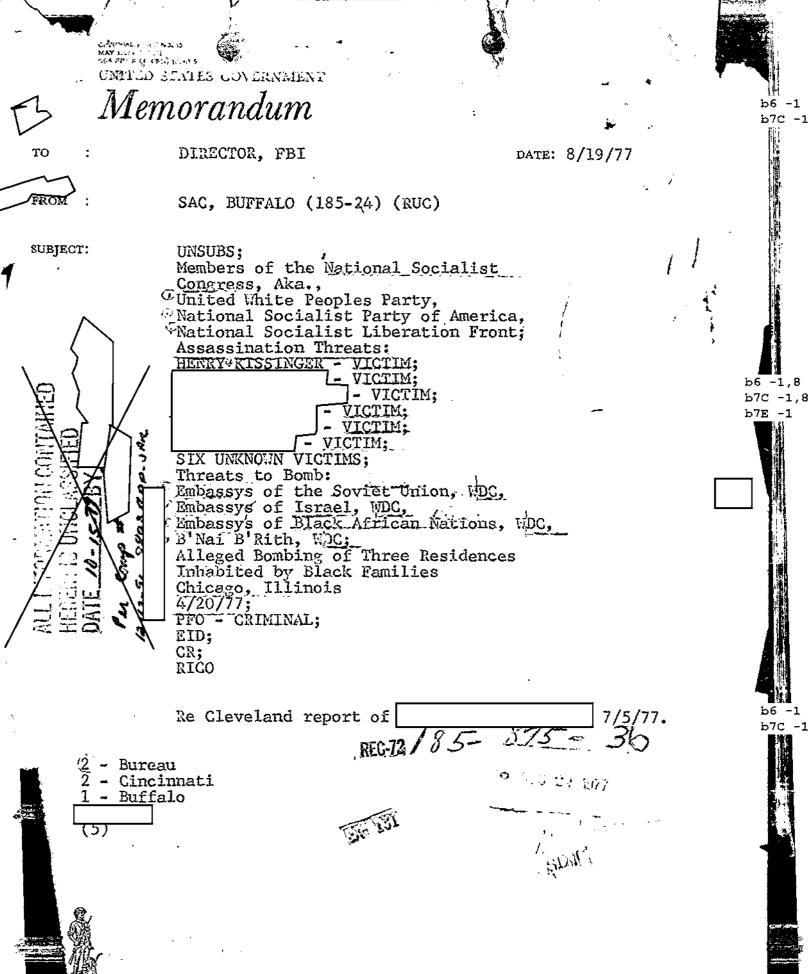

On either side of the door, where **S**eter was taking prentory earlies. are racks filled with various paperback-like books and booklets. There are no lancy covers. Some of the booklets are thinner, pemphlet types, printed summaries of various political views shared by the group in the store. There are a couple of slick magazine-type booklets, one entitled "Sex and the Civil Rights Movement --- What Really Happened in Seima," and the other dealing with the '80's riots. The publication dates are about 1965. Most of the material in the room looks old and dated.

Peter invites you to take "one each" from a rack of single-sheet flyers along the wall to your left as you estier. As you ask questions, he talks in excited tones shout what the "United White Peoples Party" is all about. Some of the titles of the flyers are: "Step Busing," White Students ... The Future Can Be Yours," "Jew Figs...," "He May Be Your Equal, But He's Not Ours," and "If You're Nos Willing To Do Anything About It. You Deserve What You Get."

Ab American Flag and Nazi ling hang from that wall. On the floor on from of them is a set of bar bells, and a ladder.
